MIS UPDATES

Strategic Plan and Operational Plan for MIS and DRRM

- The 1st draft of the Strategic Plan for the Digital Transformation Initiative in MIMAROPA was presented last October 4, 2024.
- Comments regarding the KPIs have been integrated into the 2nd draft.
- We have also devised an operational plan to facilitate smoother integration.
- You may view and review copies of the 2nd draft and the proposed operational plan using this link: https://bit.ly/MIS-StratPlan
- The Strategic Plan for the DRRM initiative has already been prepared by Aaron. We are waiting for your available schedule to present the plan.

Project SARAi

- A meeting with Regional Offices is scheduled for October 16, 2024. All concerns will be addressed during the meeting.
- We have requested a copy of the LIB and Workplan, but they informed us that these will be discussed and presented during the meeting.
- We contacted Ms. Misty Evangelista of DOST- PCAARRD / AR-MRD.
- For other concerns, we can reach out to the SARAi Focal Person, Ms. Tess de Guzman.

MoCCoV Requirements

- A follow-up letter was sent to DOST-V yesterday, October 9, 2024, urging them to expedite the compilation of the required documentation for the liquidation of the MoCCoV. The ROS was also provided a copy.
- We are maintaining close coordination with co-implementing ROs to ensure the requirements for liquidation are met.
- Regions NCR and 10 are still pending submission of their terminal reports.
- Region 5 has not submitted any documents. The focal person mentioned that she is following up with the PLGU CamSur to obtain the required documents we requested.

Information Systems for Adoption

- We have coordinated with the ITD to request details on potential Information Systems for adoption (Procurement Management, Property Management, and HR Management Systems).

- We are awaiting their response before coordinating with the concerned units or process owners within the office.

DRRM Staff

- HR has been informed to notify the applicant to complete the necessary requirements.
- The applicant entry date is set for October 21, 2024.

Other Concerns:

Starlink for PSTO Occidental Mindoro

- The DOD is awaiting the RD's signature and has already been signed by PSTO Occidental Mindoro.

E-SPORTS Initiative

- A coordination meeting was held yesterday, October 9, 2024. They are requesting the assistance of ROs to help find potential participants for the ESPORTS development competition. The proposed target participants are from SUCs, HEIs, or startups/incubators.

EB Certification Program

- The list of certifiers was requested from the PSTOs and has already been forwarded to the RD for review and approval.
